

“THE LIVING WATERS PROJECT”

Now available through Pittsburgh Presbytery!

Malawi Partnership:

“...that we may be mutually encouraged by each others’ faith”

Romans 12:1

This video tells the story of Aubrey Briggs, an engineer, who dared to trust God’s call to fulfill a big dream of building a water system for the people of Malawi, Africa. Working hand in hand with the Synod of Blantyre, Malawi and the Pittsburgh Presbytery, Aubrey tackled a project that took ten years, fervent prayer, perseverance, and hard work. This story is both an inspiration and a challenge to all who seek to follow Christ.

Produced by Presbyterian Media Mission, the 17 minute video includes commentary by Rev. Dr. Silas Ncozana and Mrs. Margaret Ncozana, Rev. Dr. Bill Paul, and Mr. Aubrey Briggs. In addition to the beautiful Malawian scenery and singing, the video also comes with a 6 page study guide that includes suggested uses and scripture references. You might use the video/study guide:

- To encourage your congregation to explore ways to share their own gifts to make a difference.
- As a tool to start or revitalize a Mission Committee to develop individual approaches to mission that make a difference for God’s people.
- To orient your community to the excitement your church has through participating in the Malawi Partnership of Pittsburgh Presbytery.
- As the starting point for a Bible study of scripture relating to water on a number of different levels.

The video/study guide is available for \$10 a copy plus \$3 shipping and handling fee by completing the order form below to Pittsburgh Presbytery. If you are interested in obtaining a copy which may be viewed in Malawi, please note that a PAL video version may also be purchased for \$20 a copy plus the \$3 shipping and handling fee for mailing to a local address.
